SDI's New Online Course Provides AIA Credits 24/7

January 24, 2012 WESTLAKE, Ohio – The Steel Door Institute's course *Steel: Green Now, Green Forever – Building with Recycled Materials* is now available online. Design professionals can earn one AIA/CES Health, Safety and Welfare/Sustainable Design (HSW/SD) 24 hours a day, 7 days a week. The course takes approximately one hour and is followed by a brief quiz.

Jeff Wherry, Managing Director of SDI, said, "Due to the high demand of *Steel: Green Now, Green Forever - Building with Recycled Materials*, we decided to offer the course in an online "self-serve" format. I'm sure architects will appreciate being able to earn AIA hours from work or home—on weekdays or weekends."

The link to register for the course is available at the SDI website at www.steeldoor.org/education.htm.

#####

About the Steel Door Institute

The Steel Door Institute (SDI) was established in 1954 as a voluntary, unincorporated, non-profit business association whose mission is to promote the use of steel doors and frames in the construction industry. Representatives of SDI member companies create and publish manufacturing, quality and performance standards promulgated by the association, and distribute them to licensed architects and construction specifiers at no charge.

Membership is open to all American based companies engaged in the production for sale of swing steel doors and/or frames on a national basis for at least two years. Members mutually agree to establish and abide by SDI manufacturing and quality standards that apply to all doors and frames they produce.
